It's Official... BVC Has Moved!

Baltimore, MD – August 17, 2009 – Belfast Valley Contractors is pleased to announce that they will be conducting business from their new corporate headquarters effective today. The new facility is located on five acres in Baltimore County, Maryland. The 20,000 square-foot building brings together the administrative offices, maintenance shop, and warehouse space all under one roof.

This state-of-the-art operations center is conveniently located and will further strengthen Belfast Valley Contractors ability to serve its clients throughout the Mid-Atlantic region and beyond.

About Belfast Valley Contractors

Belfast Valley Contractors is proud to be one of the region's leading commercial concrete contractors. Headquartered in Baltimore, MD, we have completed projects in Maryland, Pennsylvania, Delaware, D.C., and Virginia and we continue to expand to better serve the entire Mid-Atlantic sector.

BVC performs a wide range of commercial concrete services. From field personnel to administrative staff, our team of dedicated, knowledgeable concrete professionals will impress upon you our unfaltering commitment to quality, safety and overall customer satisfaction. We have the manpower, equipment and experience that you demand to complete your project on schedule, taking great pride in every aspect of the work which we perform.
